

## How to Request for Quote Online ?

### a. Product Pages without Price

In our online store, you will find that some products do not include range prices, which means that you need to send us an inquiry before purchasing, by clicking the “Request for quote” button OR Contact Us Page.

The screenshot shows the product page for WSN4147R on the WinSource Electronics website. The page layout includes a navigation bar at the top with links for Products, Manufacturers, My Account, Support, and About. On the left sidebar, there are sections for 'EMAIL US' (with a 'Need Help? Email now!' button), 'Search, Datasheet, Buy' (with a search bar and 'Powered by WINSOURCE ELECTRONICS'), and 'CERTIFICATIONS' (listing AS9120 CERTIFIED, ISO 9001:2008 CERTIFIED, ISO 14001, and ERAI MEMBER). The main content area features the product title 'WSN4147R' and a breadcrumb trail: Home / Alternative Components / Leakage protection circuit / WSN4147R. The WinSource Electronics logo is prominently displayed. To the right, a technical specification box lists: Part No: WSN4147R, Manufacturer: WIN SOURCE, Catalog: Leakage protection circuit, and Description: Low Power Ground Fault Interrupter (GFI) Controller With SCR type. Below this is a RoHS logo and a 'Request Free Samples' button. A red box highlights the 'REQUEST FOR QUOTE' button, with a blue arrow pointing to it. Further down, the page shows 'Availability (In-stock): 500,000 pieces', a link for '\*Need More Quantity?', 'Shipped from: HK warehouse', and 'Expected Shipping Date: 21 Jan 2021'. A note states 'Ship today if order in 2:50:29 (HKT)'. At the bottom of the box are social media icons for Facebook, Twitter, LinkedIn, Email, and a plus sign for more options.
