

How to Using Manufacturers Page?

Go to <https://www.win-source.net/manufacturer/all>

This section on the main menu is used to see the list of manufacturers registered on Win Source where users can search directly for their desired manufacturer's product by selecting the manufacturer's name from the list.

The screenshot shows the WinSource Electronics website interface. The top navigation bar includes 'Products', 'Manufacturers' (highlighted with a red box), 'My Account', 'Supports', and 'About Us'. Below the navigation bar, there are several sections: 'EMAIL US' with a 'Need Help? Email now!' button, a search bar for parts, 'CERTIFICATIONS' with logos for AS9120, ISO 9001:2008, ISO 14001, erai, IPC, and SMTA, and 'RECENTLY VIEWED' with a list of part numbers. The main content area is titled 'Manufacturer List' and features a search bar labeled '0-9 #' and a grid of manufacturer names starting with 'A'. The grid is organized into three columns.

0-9 #		
3M	3Peak	
A		
A1semi	Abilis	ABOV
Abrakon LLC	Acard	Actions
Active-Semi International Inc.	Acute	ACX
ADDtek Corp	Adesto Technologies	ADS Korea
Advanced Analog Technology	Advanced Linear Devices Inc.	Advanced Power Electronics Corp.
Advanced Thermal Solutions Inc.	Advantech Corp	AEM Inc
Aeroflex Metelics, Division Of MACOM	Agere Systems	AHA
Aic	Aimtron	Ait
AKM Semiconductor Inc.	Akros Silicon	Alcatel
Alcor	ALI	Allegro MicroSystems, LLC
Alliance Memory, Inc.	Alpha & Omega Semiconductor Inc.	Alpha Wire
ALPS Electric	Altera	Amazing
AMCC	Amd	AME, Inc
AMERICAN MICROSYSTEMS, INC	American Technical Ceramics	Amthem

The list is arranged in **alphabetical order** so the users can directly select the manufacturer's name in the list and save their time. Once users click on a particular manufacturer's name, they can easily search and find their products and once selected they can request for quote and send them an email for more quires and shipment details.
